

Stephen M. Kuzmak, DDS

About the speaker:

Dr. Kuzmak grew up locally in Catonsville and received his undergraduate degree from Towson State University. He earned his dental degree from the University of Maryland (Baltimore) School of Dental Surgery, Class of 2007, where he was class president and president of the student dental association. He practices dentistry at Towson View Dental Care in Towson, where he specializes in cosmetic and restorative dentistry. He is one of a dozen US dentists who has 1000+ clinical images on Dentaltown and over 5000 posts. He is an active member of AGD and AACD.

Objectives for this course:

1. Explain posterior morphology with layering and custom occlusal matrices
2. Describe methods for Cervical isolation of posterior composite
3. Restate smile design principles for anterior composite
4. Demonstrate the direct 5 minute mockup for the front four
5. Explain Class 4 methodology and differentiate three ways to create proximal shapes
6. Describe single and multiple shade composite veneers
7. Discuss diastema closures
