

## **Lawrence N. Wallace, DDS**

### **About the speaker:**

Dr. Lawrence Wallace is a board certified oral and maxillofacial surgeon. He was in private practice in the Chicago area for 22 years. He is the founder and developer of the Larell One Step Denture. He has lectured nationally and internationally on this process. He is also a medical consultant to major medical insurance companies. He is adjunct faculty at several dental schools and teaches the Larell process through lectures and workshops. He is a member of the American Dental Association.

### **Course description:**

This lecture and hand-on workshop provides the background, knowledge, and hands-on experience for participants to be able to create complete dentures in a single one hour visit without the need for an outside lab. It is easily done in conjunction with implants.

### **Objectives for this course:**

1. Demonstrate an understanding of the indication, background, and usage for one step dentures
2. Apply knowledge to create one step dentures and implants
3. Employ knowledge of one step dentures into developing effective tools for your practice to market one step dentures
